[2024 Compliance Outlook: What's on the Horizon?](#)

January 24, 2024 • 10:AM to 11:30AM HST

Financial institutions remain the most highly regulated industry in the country. Every product, service, and delivery method is impacted by a variety of laws, rules, and regulations. The compliance landscape continues to evolve as regulators place an increasing emphasis on consumer protection and rotate their examination gaze on a regular basis. To make matters worse, consumer protection attorneys continue to file lawsuits based on the failure to fully implement compliance requirements. Your management team needs to understand what lies ahead and how to best prepare the institution.

[Compliance Management](#)

January 18, 2024 • 6AM to 8AM HST

Compliance Management Systems are a vital and necessary part of your organization's success. As you look to develop or fine-tune your CMS, there are a few things to keep in mind. There is no "recipe" for compliance management.

need to apply the principles and adjust them to fit your culture, environment, personnel, and systems. Establishing a healthy CMS is also a process that takes time. It's not a one-and-done process. It's a process that evolves and continually changes.

[IRA Annual Update 2024 - Keeping up with the Latest Changes](#)

January 23, 2024 • 9:30AM to 11:30AM HST

The SECURE Act and the SECURE Act 2.0 provisions are often confused with some of the proposed regulations and notices released by the IRS. Much of this is left to the interpretation of the person who reads the information. That is why you see so many conflicting views on the new rules and regulations.

The largest area of confusion stems from the beneficiary payout options. The IRS has gone back and forth on this at least three times in the last year and a half. No wonder we feel so insecure when the customer asks us a question! Join us as we dive into the nuances of these rules and regulations.
