

Hawaii Credit Union League

January 15, 2024

[Registration is open for HCUL members and qualifying vendors](#)

Our convention theme is "*Navigating a Changing Landscape*". The financial services industry continues to change at breakneck speed. Credit unions strive to keep pace with rapidly evolving technological advances while maintaining the personal touch. On Thursday, April 25, we invite you to register for concurrent educational sessions to satisfy the training needs of volunteers and staff starting at 1:00 - 4:30 pm. Join us at the Welcome Reception at 5:00-7:00 pm to kick-off the convention. Credit union volunteers and staff do not need to purchase a registration package to attend the Thursday educational sessions. However, registration is required to electronically distribute presentation handouts prior to the convention and determine appropriate meeting room set up.

[Virtual HCUL Collections & Bankruptcy Seminar](#) • May 7-8, 2024

Join credit union attorney and collections guru David Reed for an exciting virtual training event as he highlights the latest techniques, tips and trends to maximize your collections function in the new world order. This interactive virtual event includes sample checklists and procedures and ample time to answer your questions. The world of the delinquent member is never boring and it never stands still. From understanding the virtual workflow to new ways to use data analytics and improving your collections calls to understanding your rights in bankruptcy, this informative and interactive session is sure to have something for you! It is never too late to

sharpen your collections skills and better position your credit union to assist troubled members who want to work with you during these unprecedented times and maximize the recovery from everyone else. But that's not all! This often-overlooked operational area is at the unfortunate crossroads of member service and compliance risk and this creates the need to be continually looking for ways to improve our performance while limiting risk. Very few other areas have undergone a greater regulatory transformation in the last few months than collections.
