Crafting an effective Q factor framework for CECL

In this session, banks and credit unions will learn how to develop a robust scorecard that applies qualitative factors more objectively, ensuring accuracy and consistency. Abrigo experts will also discuss strategies to adjust and maintain your CECL framework and provide tips for effectively responding to audit and examiner inquiries.

Answers to Five Critical Overdraft Issues

Credit unions face mounting pressure to balance delivering exceptional service and safeguarding financial stability. With the anticipation of the CFPB's rule on overdrafts and growing market competition, the stakes have never been higher.

Hear from leading experts to gain insights into some of the pivotal questions shaping overdraft services:

- I. Are overdrafts going away?
- II. How can my credit union refine its overdraft strategy while prioritizing safety and soundness?
- III. Is lowering our overdraft fee enough?
- IV. How can we develop a break-even analysis related to overdrafts?
- V. What market pressures could influence the future of overdrafts?
